

SFD21 - Tintri

\*James Coomer

“World’s largest privately held storage company”

Acquired Lustre from Intel  
Tintri, Nexenta, WD All Flash

IntelliFlash, VMStore, NexentaStor

\*Erwin Daria

Autonomous Driving  
Lane Assist, Self Driving

### **Analytics vs Intelligence**

\*Demo - VMStore and Tintri Global Center

“Managed Objects”

“Analytics is a way for infrastructure to handle itself”

Beyond virtual machines

\*SQL integration demo

Snaps don’t stun or impact SQL server at all (crash consistent)

\*Tintri Analytics  
Using autosupport to make a better product  
Need an active support subscription

“Sometimes things get lost in the averages”

“The flaw of averages”

“An application adjusts itself to the constraints of what it’s run inside of”
